## ACKNOWLEDGEMENT

I thank the Lord Almighty, who blessed me with wonderful faculties, friends and family members whose love and encouragement have given new significance to my accomplishment.

I express my sincere thanks with love to my parents, who are ardent cheer leader and support throughout the project. Their dedication, help me in many ways to achieve the final outcome.

I extend my sincere thanks to my respected Principal in-charge **Dr. S. SUTHAKAR ISAAC, M.Sc., M.Phil., Ph.D.** who always cared to fulfill the needs of the students and had been a moral support to me throughout the year.

I whole-heartedly thank my beloved madam, **Mrs. R. VENISHIA LEENA MARY M.Sc., M. Phil., M.Tech., SET.,** the Head, Department of Computer Science for providing me with constructive criticism and suggestions to fulfill my project.

I would like to express my sincere appreciation and gratitude to the **COUNCILLOR** of Konganthanparai village to for allowing me the opportunity to conduct session in their esteemed institution.

I would like to take this opportunity to express my sincere gratitude and appreciation to all the Staff members of the department of Computer Science for their outstanding support, guidance, and dedication.

## **ABSTRACT**

As part of my extension activity, I conducted an awareness program on the topic "**Women Safety Apps**" in Konganthanparai village on 19/04/2025. The objective of this activity was to educate the local community, especially women, about the importance of leveraging mobile technology for personal safety and emergency response. During the session, I introduced and explained the features of widely used safety applications such as bSafe, Himmat, Raksha, and Safetipin, all of which provide real-time emergency alerts, location tracking, and SOS functions. I also provided a step-by-step demonstration on how to install and use these apps effectively in critical situations. The session aimed to empower women with the knowledge and confidence to take swift action in times of danger, thereby helping prevent potential crimes. A total of 20 participants benefited from this initiative, gaining practical insights into digital safety tools that can enhance their personal security. The program was well-received and marked a positive step toward building a safer, more aware community, with a special focus on empowering women through accessible and impactful technology.
